

# Discover, Explore, Project Theme Homework

This half term's DEPTH is:

Beachcomber

Hand in: Monday 16<sup>th</sup> July

Children should complete 1 or 2 pieces of depth work.

Children will present their work to the class where they can be awarded up to 10 stars in total.

## Develop your creativity:

- Make a miniature seashore rockpool using natural materials such as pebbles, twigs, sand and shells.
- Create a collage of a seaside scene using magazine pages.
- Make a 3-D sea animal. You can use any material you like - perhaps papier mâché, fabric, plastic bottles, clay, play dough or Lego pieces?
- Design, draw and paint a picture of a beach hut.
- Create a hamper basket you would take to the beach. What food and drinks would you put inside? What else might you bring?

## Explore your research and writing skills:

- With an adult, use the web to research famous artists who use the beach for inspiration - write some facts about them and try to re-create their art work.
- Look at holiday brochures or travel website. Find out which seas or oceans are close to each destination. Locate them on a map. Find out what the weather is like and when it is the best time to visit. How is it different from home? Report your findings to the class.

## Build on your investigation skills:

- Bring pictures from home of yourself or family members at the seaside. Can you identify the location on a map? What other beaches, seas and oceans are near it?
- Make a list of all the activities you could do at the seashore. Survey your friends and family to identify the 'Top five seashore activities' and display the results in a pictogram or bar chart.
