

COVID-19 - Outbreak Management Plan

Stratford Upon Avon Primary School

Plan Administration

| | |
|---|---------------------------------|
| Version number | 1 |
| Date of Issue | September 2021 |
| Electronic copies of this plan are available from | Office |
| Date of next review | 20 th September 2021 |
| Person responsible for review | G Humphriss |

Introduction

This plan is based on the [DfE's Contingency Framework](#) which lays out how to manage local outbreaks of COVID-19. The guidance states schools should have "outbreak management plans", outlining "how they would operate" if any of the measures described in the guidance were recommended for their setting or area.

The contingency framework (latest edition) states that councils, directors of public health and Public Health England health protection teams can recommend certain measures for individual schools or clusters of settings.

This may happen to help manage outbreaks in schools, or if there is an "extremely high prevalence" of Covid-19 in the community and other measures have failed to reduce transmission, or as part of a package of measures "responding to a variant of concern".

If there is a need to address more widespread issues across an area, "ministers will take decisions on an area-by-area basis".

Schools will need to consider the implementation of some, or all, of the measures in this plan in response to recommendations provided by their local Public Health team, Public Health England (PHE) health protection team, the DfE or the government.

It may be necessary to implement these measures in the following circumstances:

- To help manage a COVID-19 outbreak within the school
- If COVID-19 infection rates in the community are extremely high, and other measures have failed to reduce transmission
- As part of a package of measures responding to a 'Variant of Concern' (VoC)

Triggers:

- School raises concern about 2+ linked cases
- 5+ pupil cases within a year group within 5 days
- 10+ pupil cases across a school across a number of year groups within 5 days
- 5+ staffing cases, or fewer if impacting on the capacity of the school to operate

Positive Cases, testing and contact tracing (See appendix B for definition)

Primary settings will continue to issue LFTs to staff for twice weekly testing, and will continue to encourage all primary-age pupils to continue to test on a regular basis. As there will no longer be isolation for doubly vaccinated close contacts and those under 18 years and 6 months, this will be a key mitigation to try and avoid bringing the infection into schools.

We will continue to log the details of pupils who test positive and when the symptoms occurred. Parents will continue to be notified that there is a positive case, and recommend other pupils get a PCR test. Close contacts identified from the infectious period (2 clear days prior to day of symptoms onset/test - if no symptoms - through to 10 days afterwards), alongside any other close contacts the child has had (break times, lunch times, before and after school (including transport) will be advised to go for a PCR test.

This approach is intended to complement the work of NHS Test and Trace who will talk to cases (or their parents) directly about any close contacts they know about in the setting. It will also be important to identify staff close contacts who have not had both vaccinations more than 14 clear days prior to contact with the case, as they will need to isolate for 10 clear days after the day of last contact with the case (alongside taking a PCR test).

Governance, communications and actions to take for single cases and where concerned for Local Outbreak

We will continue to follow our action plan with regards to the governance of decisions. See appendix A.

Stratford Primary School is part of Community Academies Trust and is governed by the Executive Team and School Standards Committee.

Following schools meeting the threshold/triggers set out, an initial discussion will be had with the school, and if necessary, an Incident Management Team (IMT) meeting will be arranged within 24 hours to include colleagues from the school, Local Authority, Public Health and regional HPTs (as appropriate). In these meetings the positive cases will be reviewed, existing mitigations/ measures will be understood, and the general attendance and wellness of staff/pupils attending school will be discussed. All information will be made available.

Testing

If recommended by public health, primary schools will advise staff to increase lateral flow tests.

Response to positive cases

Full class groups and lunch time, break time and afterschool contacts (including on transport) will be asked to have a PCR test, alongside twice weekly LFT testing for all contacts. Staff contacts who have not had both vaccinations more than 14 clear days before the day of contact with the positive case will also be identified, as they will need to isolate for 10 clear days following the day of last contact with the case. If additional cases are identified in the same class/group, it may be recommended that additional communications are sent to parents/staff to recommend one further PCR test 4-7 days after notification, alongside continuing LFT testing. Further actions may also be recommended by public health.

Class Bubbles

If recommended, primary schools will re-introduce class or year group bubbles to minimise contact and ensure that spread of infection is significantly reduced.

Key Stage bubbles for breaks and lunch times will be re-introduced

School will return to online assemblies for collective worship and ensure that any group activities are risk assessed accordingly.

Face Coverings

If recommended, staff and visitors who are not exempt from wearing a face covering:

- Will be asked to keep on or put on a face covering when arriving at school and moving around indoors in places where social distancing is difficult to maintain, such as in communal areas

and/or

- Will be asked to wear a face covering in classrooms or during activities, unless social distancing can be maintained or a face covering would impact on the ability to take part in exercise or strenuous activity

Contact tracing / isolating

From the 16th August people who are double vaccinated (second dose more than 14 clear days prior to day of last contact with case), and children and young people under the age of 18 years and 6 months are no longer required to isolate where they are a close contact of a positive case. We may reintroduce isolation of pupils who have been a close contact of a direct case for a limited time period. Please also see section re response to positive case

Shielding

School will adhere to national guidance on the reintroduction of shielding, which would apply to those on the [shielded patient list \(SPL\)](#).

School will carry out a risk assessment and speak to individuals required to shield about additional protective measures in school or arrangements for home working or learning.

Shielding is currently paused. In the event of a major outbreak or variant of concern that poses a significant risk to individuals on the shielded patient list (SPL), ministers can agree to reintroduce shielding. Shielding would be considered in addition to other measures to address the residual risk to people on the SPL, once the wider interventions are taken into account. Shielding can only be reintroduced by national government.

In the event of a reintroduction of shielding we would need to review staffing capacity to ensure we could continue to operate staffing in a safe manner. Any attendance reductions as a result of this would be in line with the principles below.

Current guidance on clinically extremely vulnerable individuals can be found in the link below: <https://www.gov.uk/government/publications/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19/guidance-on-shielding-and-protecting-extremely-vulnerable-persons-from-covid-19#school-college-and-other-educational-settings>

Other measures

If recommended, school will limit:

- Residential educational visits
- Open days
- Transition or taster days

- Parents coming into school (staggered starts and drop offs may be reintroduced)
- Live performances
- Staff meetings/training will return to online through Microsoft Teams

Attendance restrictions

Attendance restrictions will only be recommended as a last resort.

As with other periods of restricted attendance, schools should provide “high quality remote education” for all pupils or those not attending. If attendance restrictions are required across an area, the government will publish “detailed operational guidance” for schools.

Restrictions on attendance may be advised by local teams for individual settings or clusters (no more than 3 or 4) of “closely linked settings”.

If recommended, schools will implement the measures in this section. If restrictions in special schools are needed, the DfE’s attendance expectations “will remain in line with the equivalent age groups in mainstream schools”.

Alternative provision “should continue to allow all children or pupils to attend full time”.

Eligibility to remain in school

In the first instance, schools will stay open for:

- Vulnerable pupils
- Children of critical workers
- Reception, Year 1, Year 2 and Year 6 Pupils
- Any other pupils due to take external exams this academic year

Where attendance restrictions are needed we will be vigilant and responsive to all safeguarding threats with the aim of keeping vulnerable children and young people safe, particularly as more children and young people will be learning remotely.

If we have to temporarily stop onsite provision on public health advice, we will discuss any alternative arrangements necessary for vulnerable children and young people with the local authority. Where vulnerable children and young people are absent or do not take up a place offered to them, we will:

- follow up with the parent or carer, working with the local authority and social worker (where applicable), to explore the reason for absence and discuss their concerns
- encourage the child or young person to attend educational provision, working with the local authority and social worker (where applicable), particularly where the social worker and the Virtual School Head (where applicable) agrees that the child or young person’s attendance would be appropriate
- focus the discussions on the welfare of the child or young person and ensuring that the child or young person is able to access appropriate education and support while they are at home
- have in place procedures to maintain contact, ensure they are able to access remote education support, as required, and regularly check if they are doing so

Staffing Capacity

Where staffing capacity (following use of available supply teaching capacity) is impacting on our ability to open fully we will follow the principles outlined in the attendance restrictions above.

Education and support for pupils at home

All other pupils will be required to stay at home and will receive high quality remote education.

Schools will aim to deliver remote education that meets the same quality and quantity of education that pupils would receive in school, as outlined in the remote learning policy and remote plans on our school website www.stratfordprimary.co.uk

The school will continue to prioritise meals or lunch parcels for pupils eligible for benefits-related free school meals while they are not attending school because of COVID-19 isolation guidelines.

Class Catering will arrange the food parcels which can be collected from the front school office at arranged times. The ordering of the food parcels will be co-ordinated by school office staff and pupil premium champion. For those families which cannot attend school to collect due to transport issues or self-isolation then a member of SLT will deliver to their address ensuring that they maintain social distance and inform another member where they are going and when.

Wraparound care

Schools will limit access to before and after-school activities and wraparound care during term time and the summer holidays to those that need it most.

Schools will communicate who will be eligible to attend once the restrictions are confirmed.

Safeguarding

Schools will review their child protection policy to make sure it reflects the local restrictions and remains effective.

Schools will aim to have a trained DSL or deputy DSL on site wherever possible.

- If the DSL (or deputy) can't be on site, they can be contacted remotely by emailing the school office admin2042@welearn365.com or messaging through e-schools or leaving an urgent message on 01789 293201
- If the DSL (or deputy) is unavailable, we will share a DSL with Heathcote Primary School. Their DSL can be contacted by admin2056@welearn365.com or 01926 290330

On occasions where there is no DSL or deputy on site, a senior leader will take responsibility for coordinating safeguarding on site.

What we will do when a large number of students need to go home and isolate

- Ensure that all parents or contacts for pupils are asked to come and collect children asap
- The group of children will be isolated in a classroom or school hall to contain any infections.
- A register will be maintained of children who require laptops/ipads and these will be distributed immediately to ensure they have immediate access to the internet and remote learning
- Home learning will be maintained on the website for those who need to self-isolate. Teachers will upload a weekly timetable with links to relevant resources and ensure that planning is immediately available for pupils to access.
- Arrangements will be made for groups of students to remotely access live lessons through e-schools and Microsoft Teams. A register will be maintained of those pupils who need paper packs and regular well-being checks.

Appendix A

Action Plan for positive COVID result and/or Covid outbreaks in school

| | TASK | WHO? |
|---------------------------|--|------------------------------|
| 1 | <ul style="list-style-type: none"> Inform Executive Head Teacher and assign action plan tasks | Office/Head of School |
| 2 | <ul style="list-style-type: none"> Gather information from the infected person including case number Identify all close contacts with the infected person on the day the symptoms started and the two days before that | Office staff/ Head of School |
| 3 | <ul style="list-style-type: none"> Inform Executive Trust Team | EHT |

| 8 | <ul style="list-style-type: none"> Inform those who must self-isolate if necessary – PHE letter, email or text | Office |
| 9 | <ul style="list-style-type: none"> If teacher absence, organise cover where needed | HoS/Office |
| 10 | <ul style="list-style-type: none"> Write, check and publish letter (local authority) to those identified as close contacts Email to parents / carers and text | Office |
| 11 | <ul style="list-style-type: none"> Write, check and publish letter (local authority) to All Parents / Carers – very important! Email to parents / carers and text | Office |
| 12 | <ul style="list-style-type: none"> Publish letter on the school website | EHT/HoS |

| IF PART OR FULL CLOSURE: | | |
|--------------------------|--|------------------------|
| 13 | <ul style="list-style-type: none"> Decision made with PHE to close a class and return to restrictions | |
| 14 | <ul style="list-style-type: none"> Send closure letter via email to priority contacts 1 and 2. Also send SMS text confirming email sent. | Admin |
| 15 | <ul style="list-style-type: none"> Children in affected class remain in class with teacher until collected. | |
| 16 | <ul style="list-style-type: none"> Parents / Carers invited to collect children from the main entrance as soon as possible. HoS or delegated member of staff to dismiss children as parents arrive. | HoS |
| 17 | <ul style="list-style-type: none"> Write, check and publish letter (local authority) to those affected by the closure, email and text | Admin |
| 18 | <ul style="list-style-type: none"> Write, check and publish letter to rest of the school | Admin |
| 19 | <ul style="list-style-type: none"> Organise any additional cleaning required Meet with caretaker and check cleaning requirements and check if additional support is needed. | HoS |
| 20 | <ul style="list-style-type: none"> Reflect on incident and whether any changes are needed to Systems of Control, advice to staff and school organisations / procedures | SLT |
| 21 | <ul style="list-style-type: none"> For staff who are self-isolating – consider their direct work for the period of isolation | SLT |
| 22 | <ul style="list-style-type: none"> Inform Admin team regarding staff who are absent from school | HoS |
| 23 | <ul style="list-style-type: none"> Organise remote learning for any pupils who are self-isolating | Class teachers |
| 24 | <ul style="list-style-type: none"> Organise food vouchers/food parcels for disadvantaged/vulnerable pupils | Office/AHT/PP Champion |
| 25 | <ul style="list-style-type: none"> Organise welfare calls or email where appropriate during isolation period | Safeguarding Team |
| 26 | <ul style="list-style-type: none"> Update Executive Trust Team | EHT |

Appendix B

ISOLATION PERIODS, DEFINITIONS OF CLOSE CONTACT AND INFECTIOUS PERIOD FOR COVID-19

- ❖ Positive person: isolate from **day symptoms started/day of test (if no symptoms) and for the next 10 full days AND until well and fever free for 48 hours**
- ❖ Identify **ALL** close contacts in infectious period (see below definitions) – all to isolate for **10 full days after day of last contact with case, unless exempt (see below)**
- ❖ **Exception: positive cases and contacts** who are residents/patients in care homes/hospitals/anyone discharged who receives care - to isolate for **14 days (cases and contacts)**
- ❖ **Exemptions from self-isolation as a close contact (except health and care workers):**
 - ❖ Fully vaccinated - i.e. more than 14 clear days after day of second dose of UK COVID-19 vaccination
 - ❖ Under 18 years and 6 months
 - ❖ Part of COVID-19 vaccine clinical trial or medically exempt from vaccination (seek separate advice)
 - ❖ Those exempt should undertake a PCR test, regular twice weekly lateral flow testing, limit social contact and wear a face covering
 - ❖ **Note the above exemption rules are not the same for health and care workers (separate guidance has been issued)**
- ❖ Follow "[Guidance for contacts of people with confirmed COVID-19](#)" guidance

| DEFINITIONS | |
|--|---|
| CLOSE CONTACTS | INFECTIOUS PERIOD |
| Direct physical contact (any duration) | If symptomatic: 2 clear days before day on which symptoms start – and for 10 days after |
| Face-to-face contact under 1m (any duration) | |
| Close contact under 1m for 1 minute or more | No symptoms: 2 clear days before the day of the test – to 10 days after |
| 1-2m for 15 minutes or more (cumulative over 24 hrs) | |
| Travel in a vehicle | |
