				collaborate to create a piece of music?			
Composing	Can they make a range of sounds with their voice? Can they make a range of sounds with instruments? Can they represent sounds pictorially?	Can they make a range of sounds with their voice? Can they make a range of sounds with instruments? Can they identify changes in sounds? Can they tell the difference between long and short sounds? Can they represent sounds pictorially? Can they make a sequence of sounds for a purpose?	Can they order sounds to create a beginning, middle and end? Can they represent sounds pictorially with increasing relevance? Can they choose sounds to achieve an effect (including use of technology)? Can they begin to compose short melodic patterns using two or three notes (tuned instruments/voice)? Can they create short, rhythmic patterns – sequences of long and short sounds?	Can they create repeated patterns using a range of instruments? Can they combine different sounds to create a specific mood or feeling? Do they understand how the use of tempo can provide contrast within a piece of music? Can they begin to read and write musical notation?	Can they use notations to record and interpret sequences of pitches? Can they use notations to record compositions in a small group or on their own? Can they use notation in a performance?	Can they begin to use standard notation? Can they use their notations to record groups of pitches (chords)? Can they choose the most appropriate tempo for a piece of music? Can they use technology to compose music which meets a specific criterion?	Do they recognise that different forms of notation serve different purposes? Can they combine groups of beats? Can they use a variety of different musical devices in their composition? (e.g. melody, rhythms and chords)
